Sunnyside,Pretoria 0002 • 072 240 7796 • thisgundo@gmail.com

To Whom It May Concern,

I am writing to express my interest in the System Developer / IT Support position at your organization. With over three years of combined experience in system development, technical support, and IT solutions, I am confident in my ability to contribute effectively to your team and help achieve your organization's goals. Throughout my career, I have developed and implemented innovative software solutions that streamline operations and enhance productivity. At Muhura Projects, I designed an inventory management system with real-time analytics using C#, ASP.NET, and SQL Server. At Makananise Business Holding, I built a car wash management system with secure login features and automated reporting using React, JavaScript, and SQL. Additionally, my role at Mukosi IT Solution / Maru Internet Café strengthened my technical support skills, allowing me to assist users, manage networks, and deliver IT training efficiently.

I take pride in being a proactive problem-solver who thrives in dynamic environments. My combination of full-stack development expertise, network knowledge, and hands-on support experience enables me to deliver reliable and user-focused solutions that drive business success.

I am eager to bring my skills, creativity, and technical passion to your team. I would welcome the opportunity to discuss how my background and experience align with your organization's needs.

Thank you for considering my application. I look forward to the possibility of contributing to your success.

Sincerely,

A handwritten signature in cursive script that reads "ndou gundo".
